

Field Ruggedized Target Stand

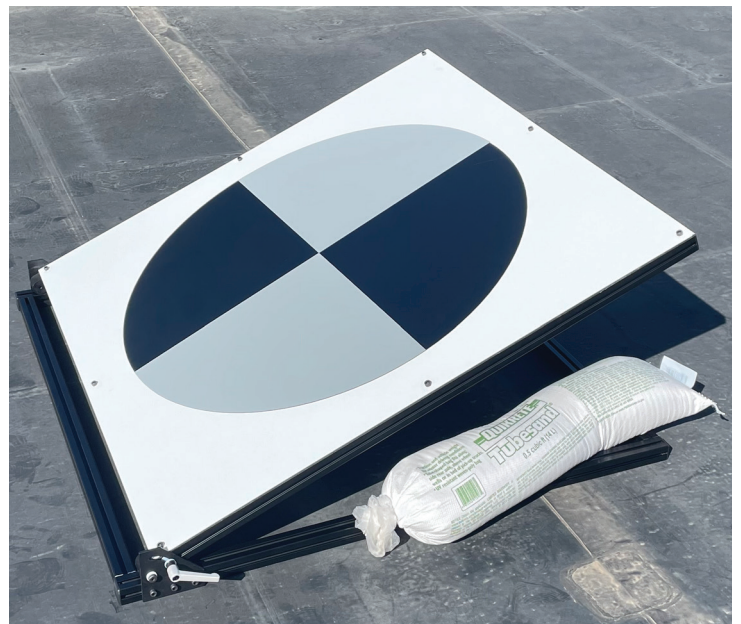

Adjustable Test Stand for High Stress Field Targets

Why Choose the Imatest Field Ruggedized Target Stand?

The Field Ruggedized Target Stand allows you to test your cameras and equipment in real world applications. This stand is ideal for testing UAVs, drones, agricultural equipment, weather stations, and more in outdoor environments. With the field ruggedized target stand, you can test in outdoor lighting conditions and compare your results measured in a controlled lab environment. The target and stand are UV and water resistant for the most extreme outdoor conditions.

Imatest Field Ruggedized Target Stand Features

- ✓ Sturdy aluminum frame
- ✓ Adjustable angle from 0°-90°
- ✓ Locking angle adjustment handles
- ✓ Works with the Reg-FR-5x target (can be customized to accommodate other sizes)
